CALLISTUS AMOAH

Manchester, United Kingdom | 07868 636818 | amoahcallistus5@gmail.com

PERSONAL STATEMENT

Motivated and hardworking 18-year-old with a strong interest in computer science and technology. I have excellent communication, problem-solving and teamwork skills, and I am eager to learn and grow in a professional environment. Currently seeking opportunities to gain direct experience, with a long-term goal of pursuing a career in computer engineering. Adaptable, quick to learn, and committed to contributing positively to any team I join.

WORK EXPERIENCE

Cleaner — Amazon *November 2025 – Present*

- Maintain cleanliness and hygiene standards across designated areas of the site.
- Follow health and safety procedures at all times, including correct use of cleaning equipment and materials.
- Work reliably and efficiently as part of a team to keep the facility running smoothly.
- Manage time effectively to complete tasks to a high standard within a fast-paced environment.

Selling Assistant — Family Grocery Store, Ghana

- Handled cash transactions accurately and operated the till/register efficiently.
- Kept the shop clean and well organised, and set up product displays to make shopping easier for customers.
- Supported daily opening and closing procedures, ensuring the store was secure at all times.
- Assisted customers with product enquiries and helped keep stock well organised on the shelves.

EDUCATION

BTEC Level 3, Computer Science — Manchester College *September 2025 – Present*

BTEC Level 2, Computer Science — Manchester College *September 2024 – July 2025*

- Achieved an overall grade of Distinction–Merit (DM).
- Awarded two certificates in recognition of achievement.

GCSEs — Burnage Academy for Boys *June 2023 – June 2024*

- Subjects studied: English, English Literature, Maths, Science, Religious Studies, Design & Technology, EAL and Music.

EXTRACURRICULAR ACTIVITIES

Technology Club — Manchester College

- Learned soldering techniques for electronic components.
- Gained hands-on experience transplanting memory chips and components between different motherboards.
- Learned the basics of 3D printing and other hardware-focused projects.
